

Why A.A. Members Carry the Message into Treatment Facilities and Outpatient Settings

Since its beginning in 1935, Fellowship of Alcoholics Anonymous has cooperated with treatment facilities. Bill W. himself was a product of a treatment facility- Towns Hospital in New York City. After he had finally put together several months of sobriety, Bill returned to Towns to try to work with other alcoholics. This was the beginning of A.A.'s twelfth Step work in hospitals.

After he sobered up, Dr. Bob, a surgeon, realized the need for an alcoholism ward at St. Thomas Hospital in Akron, Ohio, where he worked. With the loving assistance and dedication of Sister Ignatia, Dr. Bob established a ward for alcoholics: together, they reached over 5,000 alcoholics.

The principle of carrying the A.A message to other alcoholics was fundamental to the recovery and continued sobriety of A.A.'s co-founders and early A.A. members. Today through the practice of this principle- the Twelfth Step A.A. has grown and the A.A message has been carried around the world. A. A's who carry the message into treatment facilities and outpatient settings continue to follow the path for sobriety laid out by A. A's co-founders. These A.A.'s help alcoholics in treatment recover through the A.A program and find happy, useful, sober lives.

Practically every A.A. member declares that no satisfaction has been deeper and no joy greater than in a Twelfth Step job well done. To watch the eyes of men and women open with wonder as they move from darkness into light, to see their lives quickly fill with new purpose and meaning, to see whole families reassembled, to see the alcoholic outcast received back into his community in full citizenship, and above all to watch these people awaken to the presence of a loving God in their lives—these things are the substance of what we receive as we carry A.A.'s message to the next alcoholic.

If you would like to share your experience strength and hope and become a member of the Treatment and Corrections Committee, please join us on the second Tuesday of every month at the A.A central office at six pm. You may also contact Robin Foster at 318-518-2039.

TRADITION FOUR: “Each group should be autonomous except in matters affecting other groups or A.A. as a whole.”

Tradition Four:

Each group should be autonomous except in matters affecting other groups or AA as a whole.

1. Do I insist that there are only a few *right* ways of doing things in AA?
2. Does my group always consider the welfare of the rest of AA? Of nearby groups? Of Loners in Alaska? Of Internationalists miles from port? Of a group in Rome or El Salvador?
3. Do I put down other members' behavior when it is different from mine, or do I learn from it?
4. Do I always bear in mind that, to those outsiders who know I am in AA, I may to some extent represent our entire beloved Fellowship?
5. Am I willing to help a newcomer go to any lengths — his lengths, not mine — to stay sober?
6. Do I share my knowledge of AA tools with other members who may not have heard of them?

FOURTH TRADITION

Each group should be autonomous except in matters affecting other groups or A.A. as a whole.

CONCEPT FOUR: “Throughout our conference structure, we ought to maintain at all responsible levels a traditional “Right of Participation,” taking care that each classification or group of our world servants shall be allowed a voting representation in reasonable proportion to the responsibility that each must discharge.”

 Re: ARMED FORCES MEMBERS INTERVIEW PROJECT

The Trustee' Committee on Cooperation with the Professional Community/Treatment and Accessibilities is initiating the production of more interviews from members of the United States and Canadian Armed Forces.

The goal of this effort is to improve AA's outreach and identification with members of the U.S. and Canadian military. A major part of this work will be the production of several audio/video products where individual A.A. members who are currently serving or recently retired will share their experience with particular emphasis on recovery in A.A. while serving in the military.

This letter is a call for volunteers who are willing to help in this important work.

We are looking for A.A. members who are willing to be interviewed for this project. We would like to have representation from all Services from Canada and the U.S. ***The aim is to have recovered A.A. members from all ranks, all across the spectrum of age, gender, orientation and varied operational experience speak to what it is like to recover and stay sober while serving in the military.*** Topics which we hope to highlight would likely include but not be limited to: staying sober while deployed, perceptions of prejudice toward sober people, fears of negative impact on a person's career if they become a non-drinker and dealing with stresses and psychological impacts unique to military deployments and experiences. We are looking for A.A. members who wish to help find those who might be good candidates to be interviewed.

A.A. Members who wish to learn more about this project or to volunteer to participate in the interview process can contact our U.S. and Canadian points of contact by email at: militaryoutreach@aa.org.

Please share this announcement and call for volunteers as widely as you can with A.A. Members and Trusted Servants throughout the Fellowship. The anonymity of all involved will be maintained.

Sincerely,
 Tom H.
 Class B trustee

Step Four: Was I Ready?

1, 2, 3, AND OUT

By Rick R.

When I attended my first Alcoholics Anonymous (A.A.) meeting, I had no idea what any of the steps, entailed but at that meeting I heard the things that were read, and sharing about steps and, I now realize that I came away from that meeting a different man. My life took a 180% turn, and I have never been the same since. For the first time in my life, I saw a refreshing, new approach to living and all I had to do, was to show up and listen. That may have been the taking of step 1, but I did not know it at the time. I realize that, from that day on, I have had a huge *change of perception* and I have learned to recognize faulty thinking and to find the answers to life issues as they were articulated by the collective sharing in that meeting.

I have heard people in the program, when attending a *structured* step study meeting, say that there may be as many as 35 people at the meeting when they started on step 1, but by the time they got to step 4 they might be down to 12 or 13 people left in the room, and they say it is like, 1. 2. 3. And out. There seems to be something in step 4 that their ego would not let them address at the time. Like myself, I had things that I thought I would take to the grave with me. When this happens, I believe that they may not be ready for this step yet, and if they are hurried into it, they may start to search for an easier softer way. If they stay on that softer path for long, they may end up having a *half measures* approach, which avails them nothing and they may waste precious years, or worse, they may relapse and do irreparable damage that cannot be undone. When I hear of a person who has a relapse after having long term sobriety I often wonder if it was due to skimping on steps 4 and 5, which leads to a much more superficial approach to the remaining steps. Thoroughness is the watchword when taking these steps.

I use the 4th step in the 12&12 to illustrate what I mean when I try to describe the way reading and hearing the things that they describe in step 4, are things that we live with every day of our lives. Each time we read them again, we realize that we have addressed some of these issues without being aware of it. I have heard people who *have not* taken step 4 yet, using terms such as, "*restraint of pen and tongue, or remove the word blame from my speech and thought*" and, without realizing it, they are reducing their problems as the result of this different mindset. If they are honest, about not being ready to take step 4 and 5 it leaves the door opened for the time when they are more confident, and they will be able to revisit this step and make a clean slate of it without feeling guilty or being in denial about it.

I believe that the main reason why they wrote and published the 12&12 was because they did not want to establish a precedent of editing the A.A.(Big Book), and they wanted to give amplifying information and examples of how to navigate the twelve steps.(a road map if you like) We can tell stories and drunkalogues of our drinking days and that's fine, but if we don't go through a meaningful process of addressing the causes and solutions to our problems, we will be selling ourselves short, and life is too precious to waste. The question is: If this applies to me, am I strong enough to revisit step 4 and 5.
